GLADIOLUS

for 1960 by
PERRIN

Herewith is our 1960 Catalog of the world's leading Gladiolus varieties. We have spent a lot of time, effort, and money in trying out many more kinds, but these are the only ones we can recommend to you, our customer-friends.

If you have not tried some of the newer and better varieties in the past few years, you will most certainly be surprised and delighted with the big advances made in hybridizing. TRY SOME THIS YEAR, GO TO THE SHOWS, AND BRING HOME SOME PRIZES.

Please notice that we pay $\frac{1}{2}$ the shipping costs on all orders over \$25.00 from the Wholesale Section of the catalog. Railway express still has their commodity rate in effect on orders over 16 lbs., which brings the cost of shipping down below Parcel Post.

Smaller orders taken almost entirely from NEWER VARIETIES will be PREPAID by us to your door via Parcel Post in the early Spring. Please note the saving you make by ordering 10 bulbs of a size in the newer varieties.

We harvested one of the biggest and best crops from our 21 acres that we have ever produced. In fact the bulbs ran so large, we are offering JUMBO bulbs — price on these will be a little higher than No. 1 size, due mostly to the weight involved. (125 to 150 lbs. per 1000) See wholesale part of Catalog.
